Each year I replay one
Pokémon game between
Generations 3 and 4.

Last summer, I played
Pokémon Sapphire.

It was time to return to
Hoenn.

I make an effort to find and use Pokémon I have never used on a team before.

Keeps it fun :)

Welcome to the HALL OF FAME!

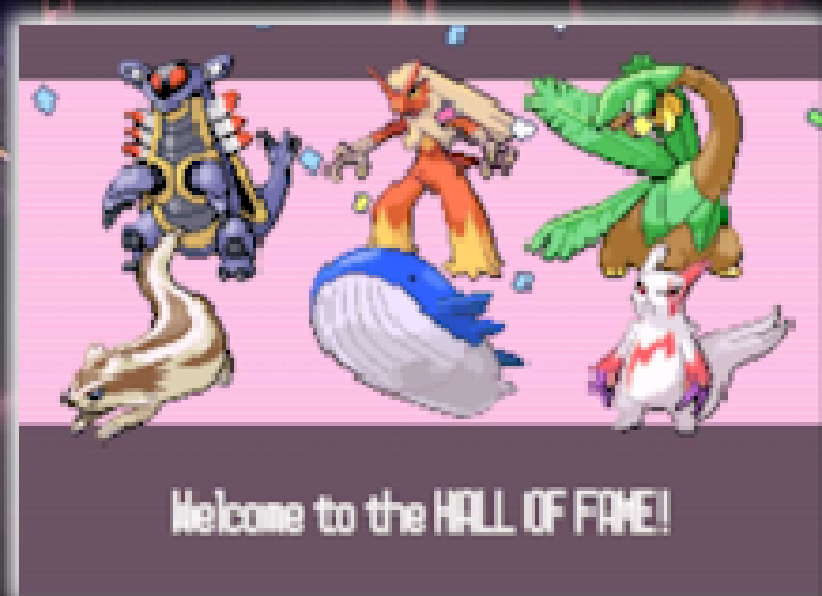

I took couple chances with a few high-risk high-utility picks this go around. Some were better than others.

This time I played
in parallel with
my partner!

She played Ruby.

We'd sit on the futon,
watch shitty movies
or TV shows,
and play our games.

this was her squad!

Memorable Moments!

A raison d'être

My favorite view

The game's thesis statement!!

yeah me too

Shedinja is great in some cases and poor in others...
